FOREWORD

A LOGICAL ANALYSIS OF THE TERM "DECORATION" INDICATES THREE DISTINCT REQUIREMENTS IN THE DEVELOPMENT OF A SUCCESSFUL INTERIOR: FIRST, A WELL DESIGNED ARCHITECTURAL BACKGROUND; SECOND, THE PROPER APPLICATION OF COLOR TO THE STRUCTURAL FORM; AND THIRD, THE SELECTION AND ARRANGEMENT OF SUITABLE FURNITURE AND FURNISHINGS. * * * *

THE FIRST PHASE OF DECORATION COMES ENTIRELY WITHIN THE PROVINCE OF THE ARCHITECT. HE DETERMINES THE STYLE OR CHARACTER OF THE INTERIOR DESIGN, AND SELECTS THE MATERIALS WHICH WILL FORM THE BASIS FOR THE DECORATIVE TREATMENT. * * * *

THE SECOND PHASE INCLUDES THE DESIGNING AND EXECUTION OF PAINTED DECORATION. MURALS, DECORATIVE CEILINGS AND OTHER TYPES OF ORNAMENTAL PAINTING ARE ASSUMING AN INCREASING IMPORTANCE IN THE PRESENT DAY INTERIOR. THEIR PURPOSE IS TO ADD INTEREST TO THE SPACE AS A WHOLE BY THE INTRODUCTION OF COLOR TREATMENT THAT WILL ACCENT THE ARCHITECTURAL LINES AND PROPORTIONS AND IMPART AN INDIVIDUALITY WHICH CANNOT BE ACHIEVED THROUGH THE LESS EXPRESSIVE MEDIUM OF PURELY STRUCTURAL DESIGN. * * * *

THE THIRD ELEMENT IN THE DEVELOPMENT OF THE DECORATIVE SCHEME IS CLOSELY ALLIED WITH THE OTHER TWO PHASES, AND THE IMPORTANCE OF ADEQUATE AND HARMONIOUS FURNISHINGS SHOULD NOT BE UNDERRATED. THIS FEATURE DETERMINES THE REALLY HABITABLE QUALITY OF AN INTERIOR, WHICH IS AFTER ALL THE PRIME REASON FOR ITS EXISTENCE. * * * *

IT IS READILY UNDERSTOOD THAT THERE CAN BE NO DEFINITE SEPARATION OF THESE THREE IMPORTANT REQUIREMENTS. EACH DETAIL SHOULD BE CAREFULLY CONSIDERED WITH A VIEW TO ITS RELATION TO THE COMPLETED WHOLE. THE CLOSEST POSSIBLE COOPERATION BETWEEN THE ARCHITECT AND DECORATOR IS ESSENTIAL FROM THE INCEPTION OF THE PLAN TO THE COMPLETION OF THE PROJECT, TO INSURE UNITY AND HARMONY IN THE FINAL COMPOSITION. * * *

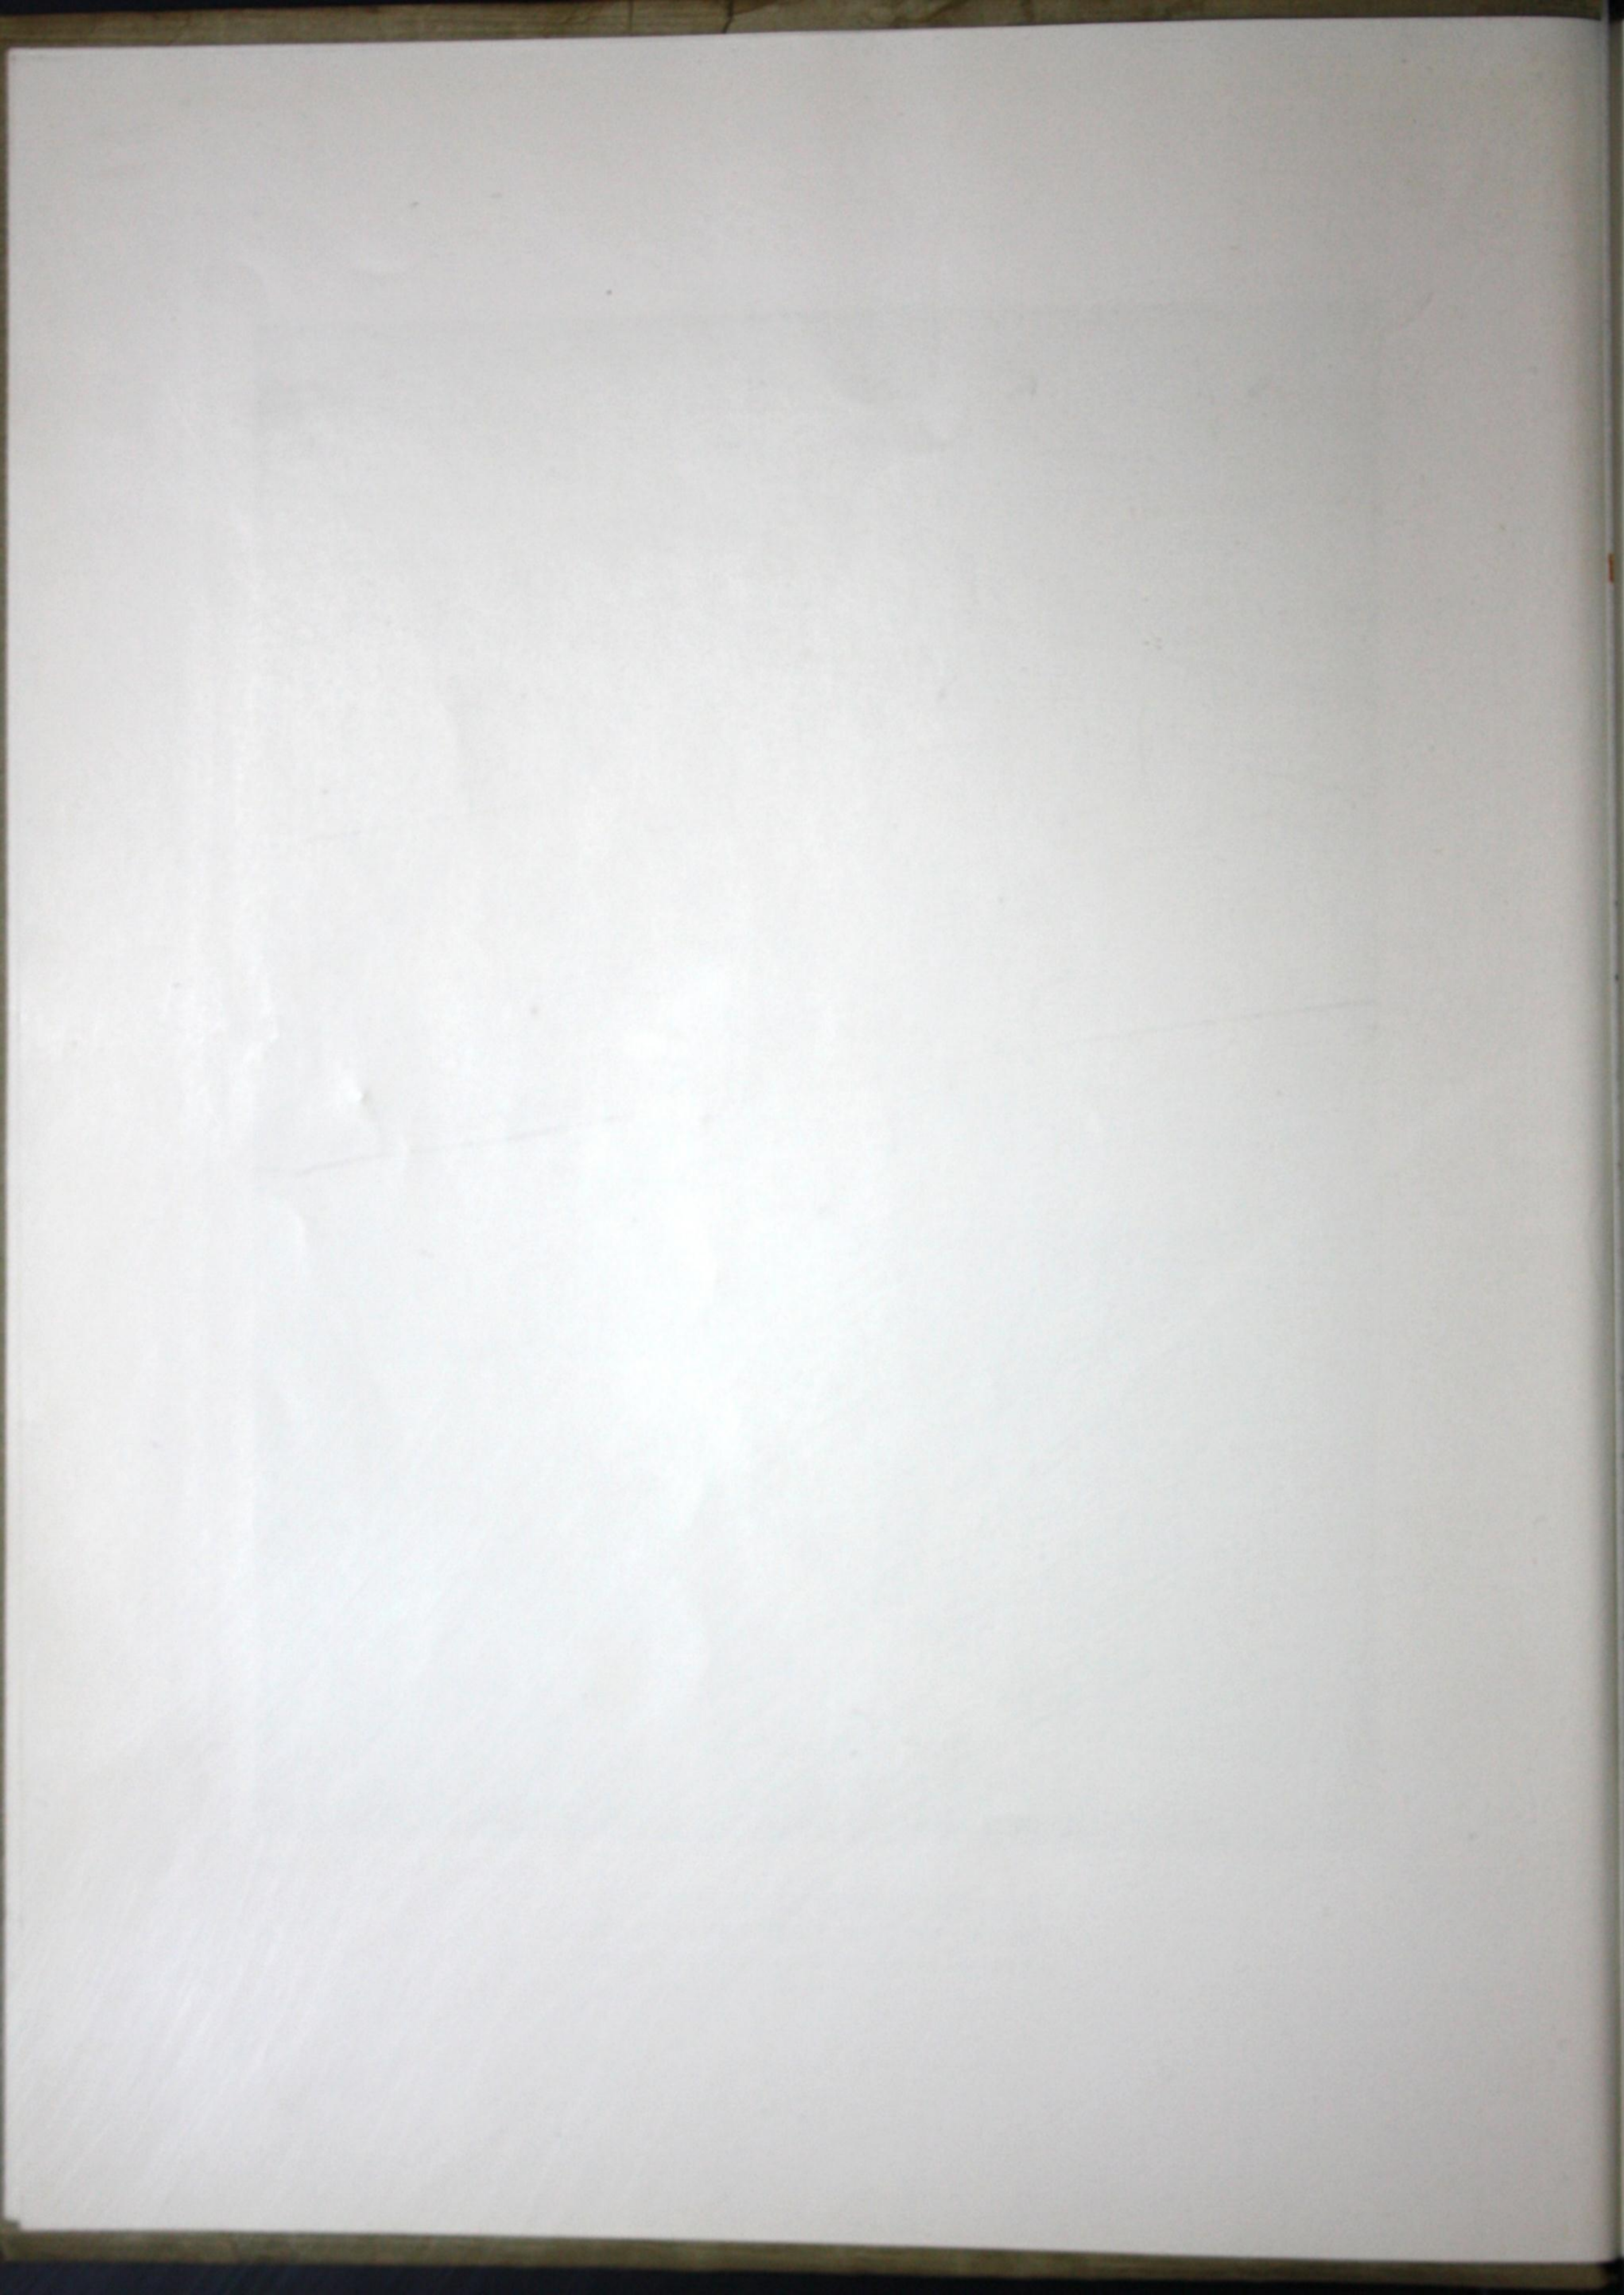

IN THE EXAMPLES OF THE WORK ILLUSTRATED ON THE FOLLOWING PAGES, THE BEST RESULTS HAVE BEEN OBTAINED UNDER SUCH CONDITIONS. * * * *

IT IS, THEREFORE, EVIDENT THAT THE SUCCESS OF THE WORK PRESENTED HERE MAY BE ATTRIBUTED NOT ONLY TO AN INTELLIGENT UNDERSTANDING OF THE ARCHITECT'S POINT OF VIEW, BUT ALSO, IN A LARGE MEASURE, TO THE UNFAILING SUPPORT RECEIVED BY BARNET PHILLIPS COMPANY IN ITS COLLABORATION AND ASSOCIATION WITH THE MEMBERS OF THE ARCHITECTURAL PROFESSION. * * * *

PHOTOGRAPH OF COLOR STUDY
SHOWING PROPOSED DECORATION FOR THE SHOLOM TEMPLE, CHICAGO, ILLINOIS

All of the ornamentation above the line of the lower cornice is to be painted decoration, the design having been developed from color notes made by Mr. Phillips in Ravenna, Italy. The section of wall beneath the cornice is to be panelled in figured walnut.

A STRIKING MARITIME PRINT

FROM FRANCE

with a wealth
of delightful incident

A Mediterranean port — an 18th Century man-of-war lies at anchor off the rugged coast. Fluttering sails and intricate rigging etch a vigorous pattern against cliffs and sky and terraced villas. Around this surges the restless life of the harbor — robust fishermen in picturesque hats, turbaned merchants, busy housewives, all eagerly bargaining for the morning catch —

Such is one of the animated scenes on this striking print, done in the manner of a steel engraving. Its unusual dramatic quality and splendid drawing, together with the appeal of ship scenes, make it particularly delightful for hangings or panels in the man's room, in the country home or country club.

This charming fabric once more illustrates the stimulating variety and distinction of design to be found in Schumacher collections. There you will find exceptional fabrics of every type and for every purpose.

Your decorator, upholsterer, or the decorating service of your department store will be glad to obtain samples appropriate for your purpose.

"Fabrics—the Key to Successful Decoration" . . . This helpful booklet will be sent to you without charge upon request. It is planned to help the woman who wishes her home to be successfully decorated, but has not the time or the inclination to make a deep study of interior decoration. F. Schumacher & Co., Dept. T-5, 60 W. 40th St., New York. Importers, Manufacturers and Distributors to the trade only of decorative drapery and upholstery fabrics. Offices also in Boston, Chicago, Philadelphia, Los Angeles, San Francisco, Grand Rapids, and Detroit.

F. SCHUMACHER & CO

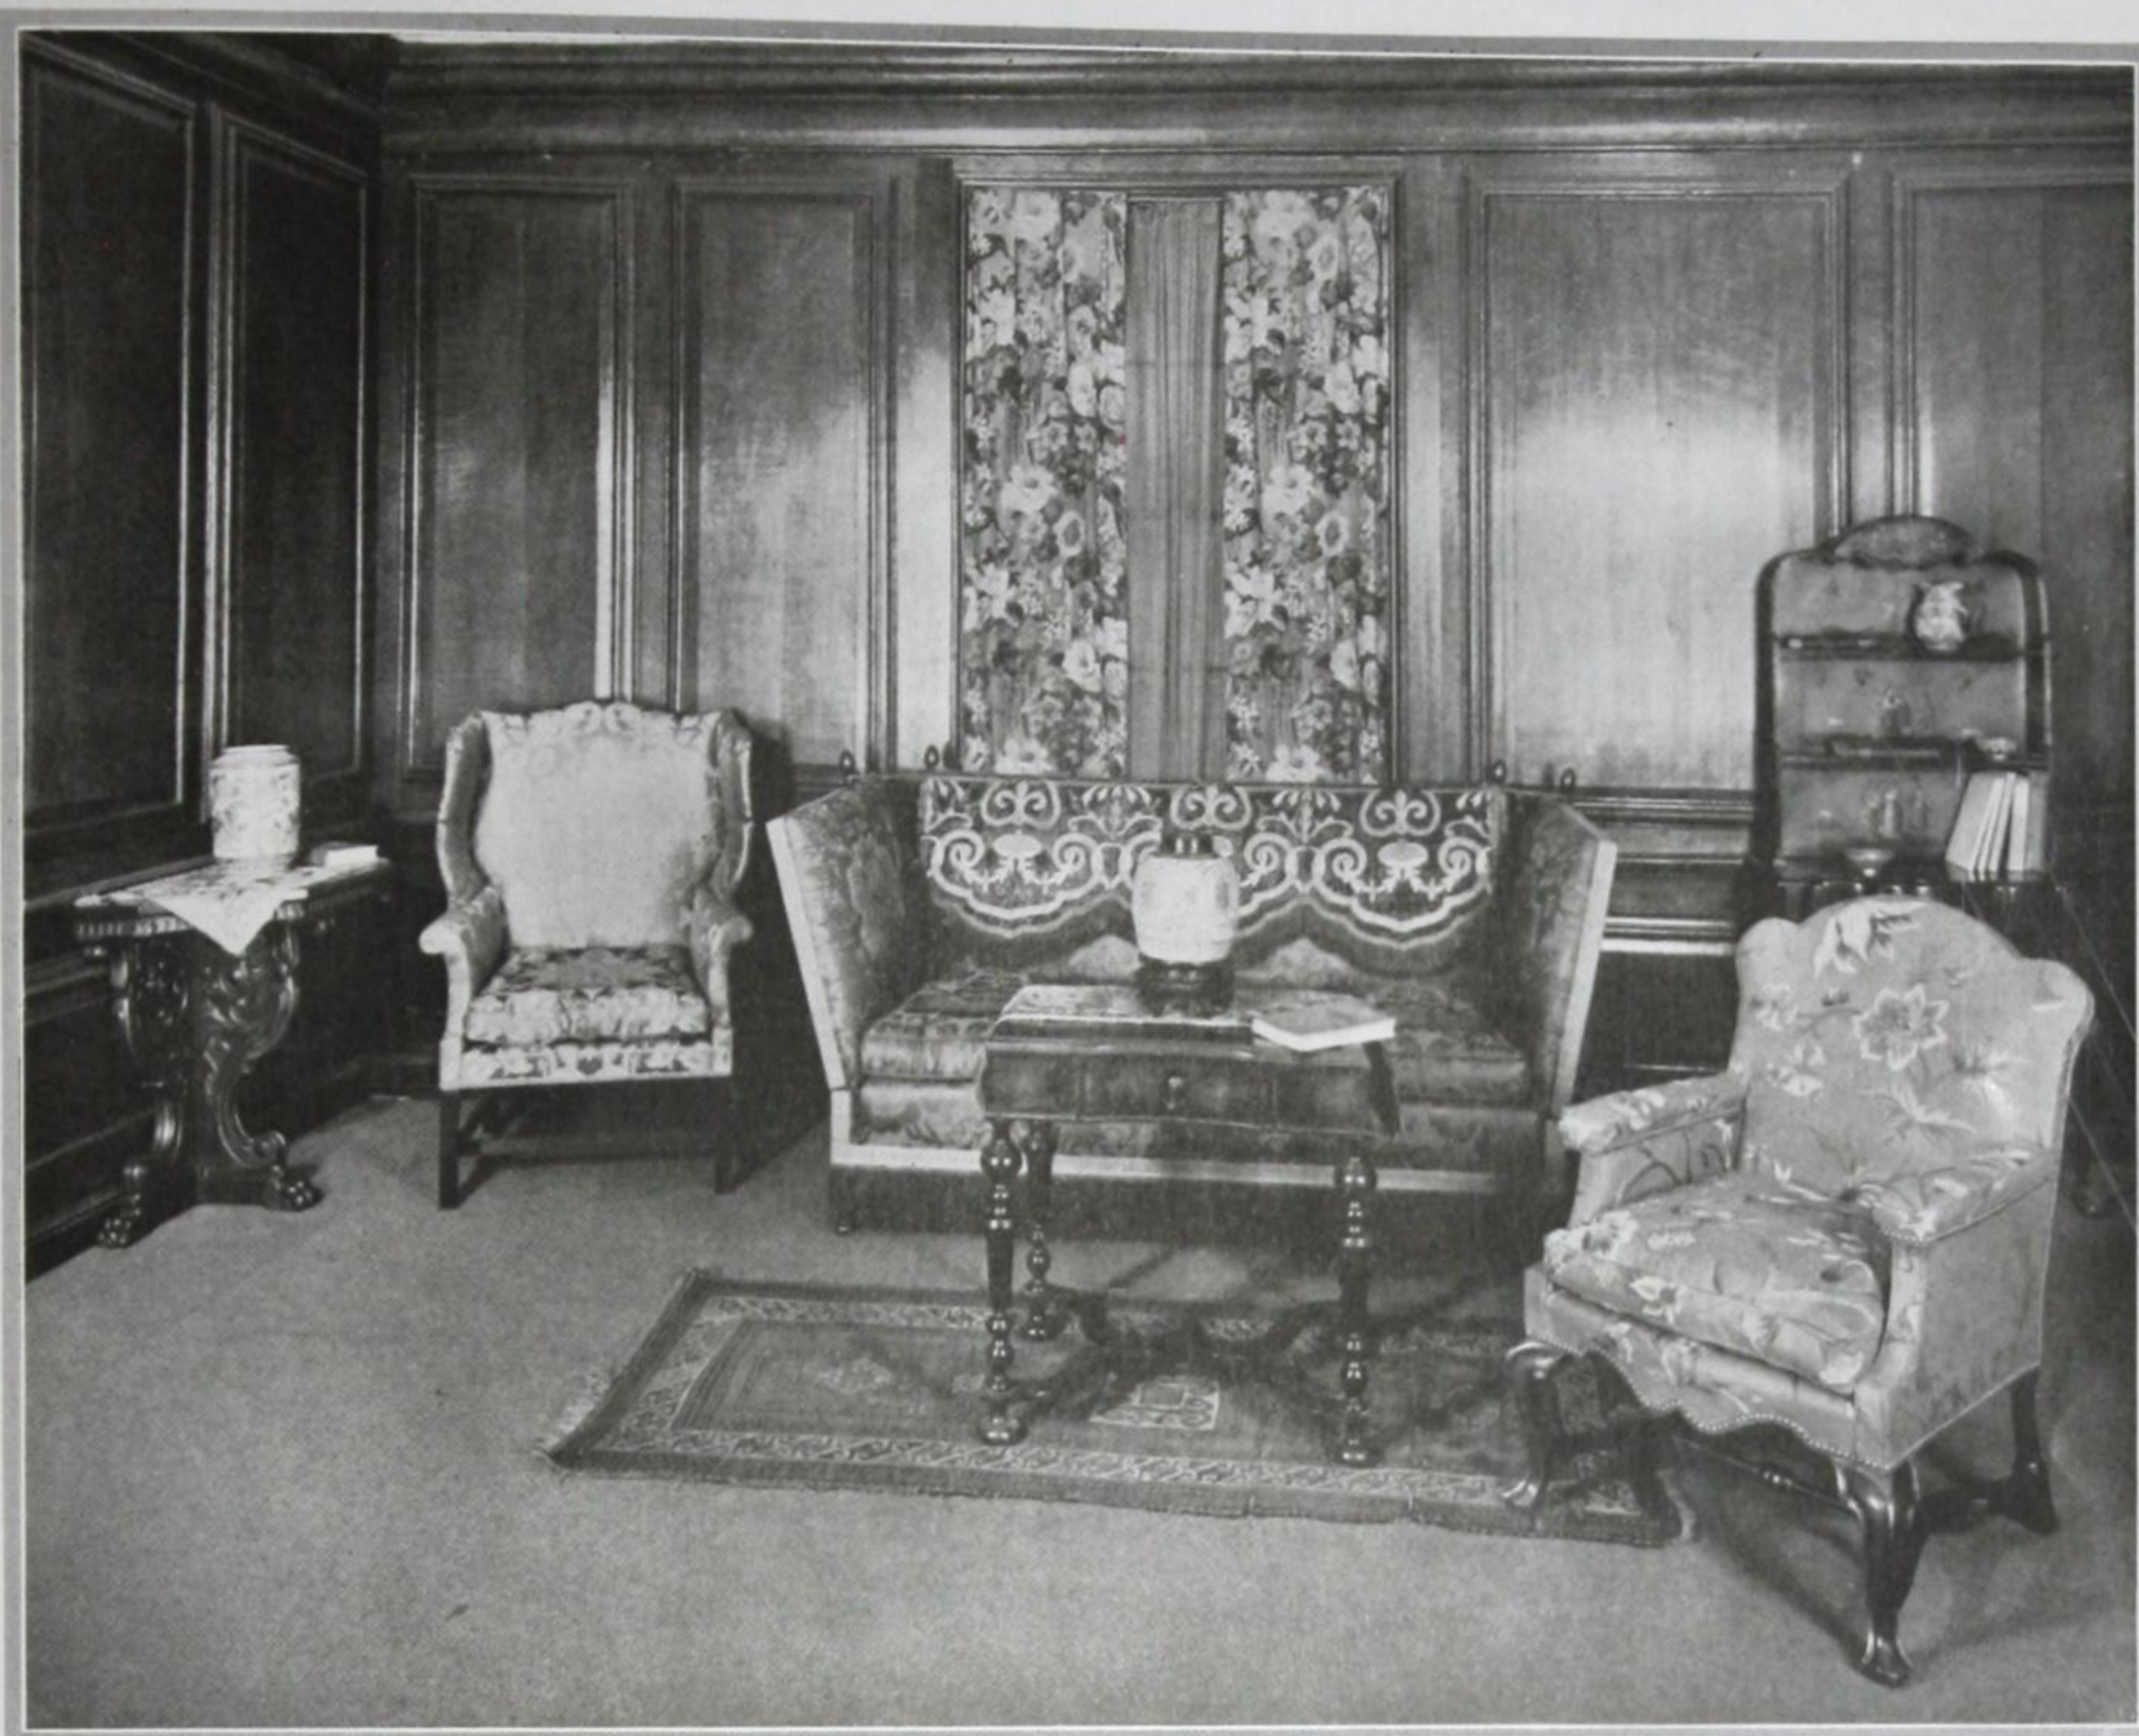

Reminiscent of steel engraving—novel print in monotone on light ground

Of striking interest for curtains or wall panels in the informal room

DECORATIVE FABRICS OF DISTINCTION

TAPESTRIES always have about them the romance of an age of chivalry. The prized possessions of monarchs, many of these beautiful interpretations of the weaver's art and the work of famous artists are today the priceless treasures of nations' museums and collectors. ¶ If centuries ago ownership of fine tapestry panels was the privilege of royalty, today splendid reproductions are available for all. ¶ In this collection of fine decorative fabrics, naturally panels of every description and size are conspicuous. Not only can you find an original antique, but excellent reproductions of panels from private collections or those produced from cartoons, created especially for the purpose. ¶ Illustrated here is a Flemish Panel No. 2774 which is historically accurate and adapted to the requirements of the modern decorator.

Orient... Occident at Crossroads

AMERICAN civilization, after attaining an unparalleled height of material prosperity, is now reaching out to conquer the loftier realm of art. A fuller appreciation of aesthetic values and a deeper interest in classic works of art are being manifested everywhere. In a more specialized field, cultured people are studying the charms of Oriental art with marked enthusiasm.

These facts explain the ever-increasing demand on the part of the discriminating public for older-type Oriental rugs. Such specimens represent exceptional artistic merit. The Oriental genius glows in them with a wealth of psychic reflection rarely to be associated with textile products. It is simply amazing that in the Oriental atmosphere, so thoroughly pervaded with vague mysticism, it has been possible to create rugs of such distinctive character.

The old-type rugs not only have originality of designs, but also color combinations never equaled in modern workmanship. The mellowness of these tones is irresistibly charming. Time works wonders with vegetable dyes.

Oriental rugs of such exquisite beauty form unique foundations of decorative schemes. No difficulty is encountered in blending with them the shades of other furnishings. They lend warmth and dignity to the atmosphere of the home. They cause the East and the West to meet in perfect harmony.

There is much food for thought in this rendezvous of artistic expression. Universal peace may not only be advanced through the reduction of naval armaments but also through the closer cultural contacts cultivated among the various nations of the world.

Therefore, visit the Galleries of H. Michaelyan, Inc., 20 West 47th Street, New York City.

have been installed.*

No purchaser need feel that he is experimenting with Athey Shades as Athey Shades have been developed through many years experience, and are installed in every type of building throughout the Country.

Long after the purchase price is forgotten the quality of Athey Shades is remembered. That is the reason why Athey prices are slightly higher than those of inferior grades. Call at our office to see the shades in the windows, or, if you prefer, a representative will gladly call at your office with a model, without obligation.

FRANKLIN is commended in a letter from BARNET PHILLIPS CO.

".... one of the firms contributing to the
success of our work and whom we can
recommend to Architects and other Clients"

STOP for a moment and realize the vast problem that would confront the Barnet Phillips Company had they to assemble all the furnishings; then place them as designated by blueprints. By assigning this work to the FRANKLIN FIREPROOF WAREHOUSES they are relieved of all detail. Mr. B. F. Lenihan, President of this company, takes personal charge.

¶ As the progress of the construction of the building releases a room or floor for decorating, Mr. Lenihan places the order for shipping the necessary furnishings as called for by the blueprints. The shipment is routed to save time—is met upon arrival in the city. The items are carefully checked; then the final placing of the various pieces in their proper places in the room

or floor. This continues until the entire building is completely furnished.

¶ Service of this character has been rendered on the following decorating projects handled by the Barnet Phillips Co.; Central Savings Bank, Franklin Savings Bank, Y. W. C. A. Brooklyn, Y. M. C. A. Brooklyn, Temple-Emanuel, Y. M. C. A. Flushing, Flushing Hospital and Nurses' Home, Lincoln School for Nurses, Fifth Avenue Hospital and New York Athletic Club.

¶ We were pleased when the Barnet Phillips Company contracted with us to assist them with the installation of furnishings for the Cornell University Dormitory Groups at Ithaca, N. Y. A tribute to our service.

Atmospheric beauty lies in

unusual in decorative design
is found in our lamps. Our

the prosaic with beauty. In
